

## AGM Minutes

19th November 2021

### 2. Update from the Organisers

- Making the club robust
- Get events up and running
- Shorter events will be reduced in number
- 2023 site bookings will start to be firmed up early in 2022 based on feedback from events and this meeting.
- Event numbers: 14 players. May increase if monster numbers for an event allow with the refs on an event having the final say.
- Suggestion that players and monsters use grey rather than black make up for drow. Also review use of brown for orcs and use of eye make up for orientals.
  - Also look at changing the DFD greeting. Organisers planning to look at changes for monsters but allow players to make individual choices.
- Thanks to SFB. Organisers and members thanked SFB for all the work he has done to keep HQ going during a difficult time.
