

One of the great things about the HeroQuest fantasy larp club is the quality of the costumes we have for monsters. Since its creation, the club has acquired hundreds of many-coloured robes, masks and special larp costumes, and we often have some talented make-up artists in the monster crew.

There's no need for you to guess what you're fighting when you see the monsters.

- If it looks like an elf, it's an elf;
- If it looks like a wolf, it's a wolf;
- If it looks like a dragon - probably best to run!

To see what we mean, the pictures below show a random selection of monster costumes from events over the years.
